Open— Air

Tales

Designing an outdoor space today means imagining a natural extension of living, where the outdoors is a lived-in place, conceived to welcome moments of quiet, socialising, experience and well-being, in continuity with the indoor environment. It is an open but protected space, offering intense moments of conviviality and sensory regeneration, where light changes the rhythm of the day, materials become iridescent and shapes respond to the surrounding context.

Progettare uno spazio esterno oggi significa immaginare un'estensione naturale dell'abitare, dove l'outdoor è un luogo vissuto, pensato per accogliere momenti di quiete, socialità esperienza e benessere, in continuità con l'ambiente interno. È uno spazio aperto ma protetto, che offre intensi momenti di convivialità e rigenerazione sensoriale, dove la luce cambia il ritmo della giornata, i materiali si fanno cangianti e le forme rispondono al contesto circostante.

Life's pleasures and customs, open-air rituals that give us fulfilment and energy: a relaxed awakening, a restorative pause, an opportunity to spend time with others, a convivial experience. All unfolding within a rich and embracing environment, in the name of positive emotions.

Piaceri della vita e abitudini, riti all'aria aperta che donano appagamento ed energia: un risveglio rilassato, una pausa rigenerante, un'occasione di incontro, un'esperienza di convivialità. Nella ricchezza dell'ambiente, all'insegna di emozioni positive.

Each RODA collection reflects a more mindful way of living, in harmony with the environment and with time. Because outdoor living is not just an aesthetic act: it is a conscious and generous choice of quality. In this scenario, sustainability — environmental, economic and social — accompanies every idea, every material and every detail: in fact, the company has always looked to the well-being of people and nature as a living part of the inhabited landscape.

Ogni collezione RODA racconta un modo di vivere più attento, in armonia con l’ambiente e con il tempo. Perché abitare all’aperto non è solo un gesto estetico: è una scelta di qualità, consapevole e generosa. In questo scenario, la sostenibilità — ambientale, economica e sociale — accompagna ogni idea, ogni materiale e ogni dettaglio: da sempre, infatti, l’azienda guarda al benessere delle persone e alla natura, come parte viva del paesaggio abitato.

Horizons like home. Open, bright views by nature, to be discovered, chosen and contemplated, nourishing the senses, strengthening bonds and enhancing time: spaces to be fully inhabited, where design meets life.

Orizzonti come casa. Panorami aperti e luminosi per natura, da scoprire, scegliere e contemplare, che nutrono i sensi, consolidano legami e valorizzano il tempo: spazi da abitare pienamente, dove il progetto incontra la vita.

Everything is designed to last and be safe. The link between the object and its context reinforces a key value: the affection of those who use it. RODA invests in and conducts research on ageing, seeking to scrutinise the future and understand how the materials used in its furniture react to atmospheric agents and the passing of time: not to prevent or alter, but to anticipate and re-educate the taste for what is worn, lived in, belonged to us, and therefore uniquely ours. The ageing wood and fading colours are traces of time that do not detract from the value of the design; they enrich it, preserving authenticity and memory.

Tutto è pensato per durare, per essere sicuro. Il legame tra oggetto e contesto rafforza un valore chiave: l'affezione di chi lo utilizza. RODA investe e fa ricerca sull'invecchiamento, cercando di scrutare il futuro e comprendere come possano reagire i materiali dei suoi arredi agli agenti atmosferici e al trascorrere dei giorni; ma non per prevenire o alterare, bensì per anticipare e rieducare al gusto di ciò che è consumato, vissuto, appartenuto, e quindi solo nostro. Il legno che invecchia e i colori che si affievoliscono sono tracce del tempo che non sottraggono valore al progetto: lo arricchiscono, custodendo autenticità e memoria.

Designed by GORDON GUILLAUMIER

All-over softness for a scenographic piece of furniture designed as an elegant, welcoming hybrid of sofa and daybed. The outdoor experience is offered by a hugely comfortable elliptic shape, inclined backrest and a macro weave of padded beframing the structure.

Details p.371

Arena

La morbidezza come protagonista, in un elemento di arredo dall'aspetto scenografico che è sintesi elegante e accogliente tra un divano e un lettino. Per vivere e sentire l'esperienza outdoor grazie a una forma ellittica dal grande comfort, all'inclinazione dello schienale e alla maglia tubolare che incornicia la struttura.

Aspic

Poured concrete is formed into a family of a dining table and coffee tables in three sizes with sinuous shapes and a refined terrazzo finish of the tabletops. Tops can be round or oval, resting on solid vertical walls that give the base a characteristic concave volumes. The low tables are made in a stylish, versatile grey colour, while the dining table also comes in a choice of orange and green finishes, as well as a mole coloured variant.

Designed by GORDON GUILLAUMIER

Details p.371

Il cemento colato prende forma e si declina in un tavolo da pranzo e in tavoli bassi di tre dimensioni che sorprendono per la sinuosità delle loro forme e la raffinata finitura con graniglia a vista sul piano. Quest'ultimo, di forma rotonda oppure ovale, è sostenuto da solide pareti verticali che generano dei caratteristici volumi concavi alla base. I tavolini bassi sono proposti in un elegante e trasversale color grigio, mentre il tavolo da pranzo offre anche una scelta di finiture colorate, arancione e verde, oltre alla variante in color tortora.

Astra

An elegant collection of reclining furniture, on wheels, dedicated to starry skies: lets you dream and change perspective with a gesture. Astra's design plays on the juxtaposition of solid tubular aluminium and cotton-feel ropes to give a fresh, light and comfortable combination to two lounge armchairs — with high or low backs — and a three-seater sofa. A feature of the range is the armrest of the seats, formed by a double cylinder covered with cords.

Designed by RODOLFO DORDONI

Details p.372

Una elegante collezione di arredi reclinabili, su ruote, dedicati ai cieli stellati: per sognare e cambiare prospettiva con un gesto. Il design di Astra gioca accostando solidi tubolari di alluminio e corde con mano cotoniera, a generare una combinazione fresca, leggera e confortevole che si declina in due poltrone lounge — con lo schienale alto oppure basso — e un divano a tre posti. Caratteristico della serie è il bracciolo delle sedute, formato da un doppio cilindro rivestito da corde.

Basket

Neat, uncluttered lines distinguish a family of coffee tables and modular sofas, born together to make the most of available space and create a sophisticated outdoor-living corner. Strapping forms the impeccably hand-woven backrest of the sofas, adding visual richness to the frame's marked orthogonality.

Details p.373

Linee pulite e rigorose caratterizzano questa famiglia di divani modulari e tavolini, nati insieme per razionalizzare al meglio gli spazi disponibili e dare vita a un sofisticato angolo living in esterno. I divani si distinguono per l'accurato intreccio di cinghie, realizzato a mano, che forma lo schienale e arricchisce la marcata ortogonalità della struttura.

Bernardo

Functional side table with great stability and a linear profile. A white Simplon-granite base, painted stainless steel structure, and square metal top with rounded corners make this a sturdy, practical element suitable for interiors, too. The top of Bernardo is also available round, in wavy glass or matt stoneware, in Natural colour.

Designed by RODOLFO DORDONI

Details p.374

Un complemento funzionale, dai profili lineari e dalla grande stabilità. La caratteristica base di granito bianco del Sempione, la struttura di acciaio inossidabile verniciato e il piano di metallo quadrato con gli angoli smussati lo rendono un elemento di appoggio resistente e pratico, adatto anche agli interni. Il top di Bernardo è disponibile anche rotondo, in vetro ondulato oppure in gres opaco, color Natural.

An extendable table suitable for covered areas and verandas shows how wood can be technically designed with visually arresting results. Thanks to a meticulously engineered system of joints, teak slats compose a top of substantial dimensions, stabilised by a solid frame. By sliding apart the two halves of the top, a hidden leaf is easily unfolded at the centre. Such dynamics invite generous conviviality.

HONOURABLE MENTION FROM THE 2016 COMPASSO D'ORO ADI AWARD.

Brick

Designed by GORDON GUILLAUMIER

Details p.374

Un tavolo allungabile adatto per zone coperte e verande che dimostra come anche con il legno sia possibile fare tecnologia, per arredare e stupire. Grazie a un calibratissimo gioco di incastri, i tasselli di teak compongono e caratterizzano un piano dalle dimensioni importanti, reso stabile da una struttura solida e da un sistema di apertura a farfalla che permette di estrarre con facilità le prolunghe, nascoste dal piano scorrevole. Un tavolo dinamico che invita a una convivialità generosa.

The shapes of comfort and versatility defining the Eden collection find renewed expression in natural teak in addition to the whitened teak, amplifying and facilitating the combination possibilities with furniture made in the same wood. Starting with its name, Eden is meant to communicate the pleasure of freedom — it is an invitation to enjoy it outdoors and inside. The design is distinct for its generous volumes and modular practicality, which can be customised at will with mix-and-match materials.

Details p.378

Eden

Le forme della comodità e della versatilità che definiscono la collezione Eden trovano espressione rinnovata nel legno di teak naturale che si aggiunge alla finitura in teak sbiancato. Questa versione amplia e agevola le possibilità di combinazione con arredi realizzati nella stessa essenza lignea. Eden è un progetto che, fin dal suo nome, comunica il piacere della libertà e invita a goderne tra ambienti interni ed esterni. Il design si distingue per volumi generosi e una pratica modularità, da personalizzare con un mix & match di materiali.

Like an archipelago of elements, designed and developed around the juxtaposition of a wide iroko wood slat. The Eolie collection boasts a refined, precise and essential design. A distinguishing feature is the freedom to pick and choose amongst its components: sun lounger, low table and gazebo, to be enjoyed by the pool, boat or seaside. In these enclaves of comfort, the choice of colour — both of wood and upholstery — becomes a further variable: the wood is either natural or painted in three desaturated tones, with the grain visible; there is a wide choice of colours in the fabrics for the cushions, which are available in two sizes in addition to the thicker armrest.

Designed by GORDON GUILLUMIER

Come un arcipelago di elementi, disegnati e sviluppati intorno all'accostamento di una larga doga in legno di iroko. Eolie è una collezione dal disegno raffinato, preciso ed essenziale. Elemento distintivo è la libertà di composizione tra i suoi componenti: lettini prendisole, tavolini e gazebo, da godere in piscina, in barca o in riva al mare. In queste isole di comfort la scelta cromatica — tra legno e rivestimenti — diventa una ulteriore variabile: il legno è al naturale oppure verniciato in tre tonalità desaturate, con le venature a vista; ampia è la scelta dei colori nei tessuti per i cuscini, disponibili in due formati oltre al bracciolo dal maggior spessore.

Erice

Handcraft becomes a purely decorative element in a simple armchair with an original personality. The laser-cut aluminum frame serves as both structure and canvas, gently guiding the weave into a pattern of striking graphic rhythm, light and fluid like fabric in motion. As warp and weft, metal and straps allow for a wide range of color combinations depending on their hues. The armrests, wrapped in cords, and the seat cushion not only add comfort but also enrich Erice with refined aesthetic details.

Designed by LUCA PEVERE

Details p.381

Il lavoro manuale diventa elemento di pura decorazione in una sedia con braccioli semplice, ma dalla personalità originale. La struttura in alluminio tagliato a laser di Erice funge da telaio e guida l'intreccio in modo intuitivo, creando un pattern dal forte impatto grafico e dal profilo leggero e fluido come un tessuto. Come trama e ordito, metallo e cinghie permettono di creare molteplici combinazioni cromatiche al variare del loro colore. I braccioli avvolti dalle corde e il cuscino di seduta, oltre ad aggiungere comfort, arricchiscono Erice con ulteriori dettagli estetici.

Designed by LUCA PEVERE

Linear design and extensible modularity promote the flexibility of an elegant, highly functional system. Estendo is a sofa that effortlessly combines straight and curved lines, thanks to the interplay of concealed joints characterising the aluminium frame that holds the cushions. The seats of the armchair and sofa are welcoming and roomy. Modules with or without armrests are available in different configurations, including corner elements. A very comfortable set that adapts to the space and extends harmoniously.

Details p.382

Estendo

Design lineare e modularità estensibile assecondano la flessibilità di un sistema elegante e molto funzionale. Estendo è un divano che unisce con semplicità linee rette e curve, grazie al gioco di giunti a scomparsa caratterizzante la struttura in alluminio che ospita gli imbottiti. Le sedute della poltrona e del divano sono accoglienti e generose; i moduli, con e senza braccioli, sono disponibili in diverse configurazioni, tra cui quella angolare. Un insieme molto comodo che si adatta allo spazio e si sviluppa con armonia.

Gamma is where simplicity, clarity and elegance exalt the beauty of the materials and their combinations. The elementary lines of this table are a pragmatic answer to a demand for functionality and variety. Its shape is given by slender metal legs connected to one another by a cross structure, and a circular top in two sizes.

Designed by RODA STUDIO

Gamma

Quando semplicità, chiarezza ed eleganza nel disegno valorizzano la bellezza dei materiali e delle loro combinazioni. Gamma è un tavolo dai segni essenziali che risponde in modo pragmatico alle richieste di funzionalità e varietà. La sua forma è definita da gambe slanciate — collegate tra loro da una struttura a croce — e da un piano rotondo, disponibile in due dimensioni.

Designed by RODOLFO DORDONI

The Harp line of seating substantiates craftsmanship, elegance and quality. Chairs, stools, daybeds and armchairs feature a hand-worked stainless-steel structure and hand-stretched double-twisted cording. Colour variants are many, as are the possible combinations between the finishes of the frame and the colours of the cording. This is in order to integrate harmoniously in all settings and with all types of outdoor furniture.

An elegant, timeless icon in the form of a chair and a stool to insert seamlessly in the landscape or sophisticated interior. Water-resistant canvas with leather trim clothes the tips of four triangles forged from metal rod.

Designed by RODOLFO DORDONI

Details p.385

Dal disegno di un'icona elegante e senza tempo, una seduta e uno sgabello che si innestano perfettamente nel paesaggio esterno così come in un sofisticato ambiente interno. Un telo di cotone impermeabile, con inserti in pelle, veste i vertici dei quattro triangoli realizzati in tondino di metallo.

Laze

Bold geometrics distinguish this seating collection, consisting of a lounge chair, rocking chair, and dining chair with and without armrests, as well as a comfortable footrest. Its wide, enveloping shell is an invitation to relax, while soft filaments support the body and accommodate the comfortable seat and back cushions, which can be arranged as desired.

Geometrie di grande carattere per una collezione di sedute composta da poltrona, poltrona a dondolo, sedia da pranzo con e senza braccioli, oltre a un comodo poggiapiedi. Una scocca larga e avvolgente invita al riposo, mentre i morbidi filamenti sostengono il corpo e accolgono i confortevoli cuscini, di seduta e schienale, che ne completano all'occorrenza la composizione.

Designed by PIERO LISSONI

This collection is rooted in the unique expertise mastered by RODA in outdoor furniture. Teak, rounded edges and construction details are an indication of meticulous craftsmanship and quality. The family is growing, thanks to the marriage of classic and contemporary tastes, where formal stylistics are united with an all-time outdoor favourite: teak.

Details p.387

Levante

Una collezione che è nata grazie all'expertise unica di RODA nella realizzazione degli arredi outdoor, dove il teak, le forme arrotondate e i dettagli costruttivi sono indice di attenzioni e qualità. Una serie che cresce grazie al felice connubio tra gusto classico e contemporaneo, tra linguaggio formale e materiale d'eccellenza per esterni: il teak.

LEVANTE 103 sofa, LEVANTE 007 lounge chair. Finish: TEAK structure. Fabric: OXFORD G01 Mole. LEVANTE 012 coffee table. Finish: TEAK structure. Products match: ROOT 045 side table. Finishes: TEAK structure, FERN wavy glass top. Complements: DOUBLE 032 pouf.

Mamba

Curved layouts welcome and envelope, as if suspended in mid-air. The Mamba collection is made up of hugely comfortable upholstered sofas with an original design. The modules have different shapes, linear or pentagonal, and can be fitted together to form classic arrangements or obtain unexpected lengths. The backrests lean slightly, opening up the angle they make with the seat. The structures stand on unobtrusive cylindrical feet. This upholstered line demonstrates experienced and excellent Italian manufacturing.

Designed by RODOLFO DORDONI

Details p.388

Profili sinuosi che accolgono e avvolgono, come sospesi. Mamba è una collezione di divani imbottiti dal grande comfort e dal disegno originale: i moduli hanno forme diverse — lineari o pentagonali — e sono aggregabili a piacere per generare volumi classici oppure dare vita a lunghezze inattese. Gli schienali si aprono leggeri per superare la perpendicolarità rispetto alle sedute, mentre le strutture poggiano su piedi cilindrici poco esposti alla vista. Un imbottito che è testimone dell'esperienza e dell'eccellenza manifatturiera italiana.

Mistral

A solid teak frame is the common denominator here. Strapping forms the seats of sofas and daybeds with modest dimensions, making them suited for metropolitan settings such as terraces and balconies. The design and the presence of teak are reminiscent of the archetypical RODA Network line of furniture, a timeless success.

Designed by RODOLFO DORDONI

Details p.389

Un solido telaio di teak fa da costante progettuale e accoglie intrecci di cinghie che disegnano le sedute di una serie di divani e lettini dalle dimensioni contenute, adatte anche ad ambienti metropolitani come terrazzi e balconi. Il disegno e la presenza del teak rimandano alla collezione archetipica Network, dal successo senza tempo.

Norma

Un progetto che racconta il mondo della cucina dalla prospettiva di RODA, pensato per completare il senso dei luoghi outdoor da vivere insieme. Norma è una cucina da esterno che invita alla convivialità, in nome del gusto per l'accoglienza e del bello, tra ricerca di comfort, funzionalità e buon design. È componibile, dinamica, versatile e si adatta con facilità a spazi diversi per dimensione e natura.

Fluid lines and deconstructed volumes welcome the most easy-going relaxation. Lounge-chair, chaise-longue and pouf are the elements of the Onda collection, whose cheerful, cosy shapes are ready to animate the atmosphere with refined informality. Seating is soft and compact, with an inner water-repellent liner designed for carefree outdoor use. The base is covered with Batyline, making it immune to rips and suited for uneven paving. A practical strap handle on the two larger pieces makes the Onda easy to move around.

Onda

Geometrie fluide e volumi destrutturati invitano al relax più disinvolto. Poltrona, chaise longue e pouf sono gli elementi che compongono la collezione Onda, dalle forme felici e avvolgenti, pronte ad animare atmosfere di raffinata informalità. Le sedute, morbide e compatte, hanno un rivestimento interno idrorepellente progettato per un utilizzo outdoor senza pensieri; la base, foderata di Batyline, è immune agli strappi e adatta anche su fondi sconnessi. Inoltre una pratica maniglia di cinghia facilita lo spostamento negli spazi dei due elementi più grandi.

A collection with a clean, refined design and bursting with character. Teak is the protagonist in this well-structured series of folding director's chairs: two dining chairs with arms, a lounge chair, a footstool, all endowed with a contemporary and very fresh appeal, thanks also to the hues of the structural fabrics they feature. The two dining chairs have the same wooden frame; one has canvas sides while the other does not. Completing the range is the sun lounger with teak slats, offering ergonomic and comfortable support for long moments of relaxation.

Orson

Una collezione dal design pulito, raffinato, di grande carattere. Il teak è protagonista in una serie articolata di sedute da regista pieghevoli: due poltrone da pranzo, una poltrona lounge, un poggiapiedi, tutti arredi dall’appeal contemporaneo e molto fresco, grazie anche ai toni dei tessuti strutturali che li caratterizzano. Le due poltroncine da pranzo presentano la stessa struttura in legno, una è caratterizzata da telini laterali mentre l’altra ne è priva. Completa la gamma il lettino in doghe di teak, un appoggio ergonomico e confortevole per lunghi momenti di riposo.

Philia

A name as a tribute, to sanction a deep, affectionate and complicit bond. Philia — meaning friendship, considered by the ancient Greeks the highest form of love — is a system of sofas designed by Rodolfo Dordoni, artistic director of RODA for many years. Generous size, modularity and construction details with clear references to world of yachting distinguish Philia and make this a project with a flexible and elegant character. Each module in the system features a slatted teak base reminiscent of decks and nautical surfaces: a robust raised platform with a perimeter frame and slats that also act as table tops, alternating with comfortable seats.

Un nome come tributo, a sancire un legame profondo, affezionato e complice. Philia — ossia l'amicizia, considerata dagli antichi Greci la più alta forma di amore — è un sistema di divani firmato da Rodolfo Dordoni, direttore artistico di RODA per molti anni. Le dimensioni generose, la componibilità e i dettagli costruttivi che rimandano con raffinatezza al mondo della nautica distinguono Philia e lo rendono un progetto dal carattere flessibile ed elegante. Ogni modulo del sistema presenta una base in doghe di teak che si rifà ai ponti e ai rivestimenti nautici: una piattaforma solida e sospesa, costituita da una cornice perimetrale e da listelli che fungono anche da piani di appoggio, alternati alle confortevoli sedute.

Vibrant woven textures combine with strong, sinuous lines to make a collection of sofas, armchair and coffee tables. Upholstered seats, welcoming and light, are combined with differently covered backrests. The cording wound around the tubular metal frame is similar to thread around a spool, hence the name. Then there is a weave of padded belting, generous and enveloping.

A name that evokes the elegance of the pearl of Lake Maggiore — Stresa — with its perfectly preserved Liberty-style villas and timeless charm. This collection is a contemporary reinterpretation of classic outdoor metal furniture — those garden pieces found in lakeside hotels and residences, as well as on seaside terraces or in the countryside. It offers a modern vision of a tradition-infused idea: from the dining table to the lounge area, every furnishing element carries with it a timeless allure.

Stresa

Un nome che richiama l'eleganza della perla del Lago Maggiore, Stresa, con le sue ville d'epoca dall'architettura in stile Liberty perfettamente conservata. Questa collezione è la reinterpretazione dei classici arredi per esterno in metallo, di quei mobili da giardino che si trovano negli alberghi e nelle residenze intorno ai laghi, così come sulle terrazze al mare o in campagna. È la visione contemporanea di un'idea che profuma di tradizione: dal tavolo da pranzo al salotto, ogni elemento d'arredo porta con sé un fascino senza tempo.

Linee razionali e armoniche sono il segno distintivo di questo lettino di alluminio, la cui grande funzionalità è arricchita dall'impilabilità. Un arredo leggero, pratico e molto amato sia per gli ambienti contract sia per le residenze private.

A wide-ranging collection to create settings with compositional harmony, for lounging and dining. The design is based on an original geometric construction in the shape of a prism. A formal detail distinguishes the upholstery: buttons slip through the slats of backrests and armrests perfectly, adding an aesthetic element that prevents the cushions from slipping.

Teka

Una collezione ampia che crea soluzioni living e dining dalla grande armonia compositiva. Il design si sviluppa intorno a una originale geometria costruttiva a forma di prisma. Un dettaglio formale completa il progetto degli imbottiti: una serie di bottoni si incastra perfettamente tra le doghe dello schienale e dei braccioli, aggiungendo un elemento estetico e impedendo ai cuscini di spostarsi.

Designed by AMDL CIRCLE

Fine craftsmanship and industrial efficiency combine to create an original dining collection designed by AMDL CIRCLE, the studio founded by Michele De Lucchi. The characteristic feature of Teseo is the cord stitching joining the teak slats that make up both the table top and the chair: a sartorial process and detail that are a stylistic motif of the designer and whose result stands out among RODA's proposals. The table and chair showcase the design solution of “sewing wood”: the former displays meticulous balance between the sewn slats of the seat and the sinuous turned legs, while the seat itself has faceted sides and continuous stitching on all its slats.

Details p.404

Teseo

Alta artigianalità ed efficienza industriale, insieme, danno vita a una originale collezione dining progettata da AMDL CIRCLE, lo studio fondato da Michele De Lucchi. Il tratto caratteristico di Teseo è una cucitura di corde che unisce tra loro i listelli di teak componenti sia il piano del tavolo sia la seduta: un processo e un dettaglio sartoriali che sono cifra stilistica dell'autore e il cui risultato spicca tra le proposte di RODA. Il tavolo e la sedia enfatizzano la soluzione progettuale del “cucire il legno”: il primo rivela un attento equilibrio tra le doghe cucite del piano e le gambe sinuose e tornite, mentre la seduta, dai fianchi sfaccettati, presenta una cordatura continua tra i suoi listelli.

Thea

Soft lines, organic shapes and geometric patterns evoke the harmonious lines of the calathea, a tropical American plant known for the beauty of its striped leaves. The collection is composed of a sofa, armchair and coffee tables, all characterised by the elegant profiles of an aluminium frame.

Designed by ADAM D. TIHANY

Details p.404

Linee morbide, forme organiche e pattern geometrici rievocano le armoniose silhouette della Calathea, pianta dell'America tropicale nota per la bellezza delle sue foglie striate. La collezione è composta da divano, poltrona e tavolini, tutti caratterizzati dagli eleganti profili di un telaio in alluminio.

Zania

Comfortable and functional, the Zania dining tables, chair with arms and bar stool integrate readily in all kinds of settings. The collection is made in iroko, a warm-coloured, durable wood with extreme resistance to wet conditions. The design features slatted surfaces and legs with rounded edges, both for the table and stackable chair.

Comodità e funzionalità per integrarsi con immediatezza nei contesti più differenti. Zania è una collezione composta da tavoli da pranzo, una sedia con braccioli e uno sgabello bar, tutti in legno di iroko, una essenza dal tono caldo, durevole ed estremamente resistente all'umidità. Il disegno degli arredi è caratterizzato da superfici dogate e da gambe che si mostrano stondate nella parte di appoggio, sia nel tavolo sia nella seduta impilabile.

A slender, circular element rests lightly on its base, creating a structured family of small tables. Lightness and transversality define the Zefiro collection, which adapts easily to different contexts and uses, thanks to the shapes, sizes and finishes available. The base is made of stainless steel, while the top is in aluminium — in a choice of two colours — or stoneware.

Wooden slats, cords and belts combine to create elegant new surfaces, designed for RODA by UNPIZZO, a research studio specialising in the creation of weaves for furniture. In the various Barrique formats, iroko wood becomes an unexpected texture and belting creates a pattern completed by the fine cordage that outlines diamonds on the entire surface of the cylinder. Structure and decoration thus become a whole made of different materials, with the wood discovering a new form and role in this finely crafted accessory.

Listelli di legno, corde e cinghie si uniscono per creare dei coprivasi inediti ed eleganti, ideati per RODA da UNPIZZO, studio e laboratorio specializzato nella realizzazione di intrecci per l'arredamento. Nei diversi formati di Barrique, il legno di iroko si fa trama inaspettata e le fasce, come ordito, generano un pattern completato dalla sottile cordatura che definisce dei rombi sull'intera superficie del cilindro. Struttura e decoro sono dunque un tutt'uno composto dai diversi materiali, con l'essenza lignea che scopre una forma e un ruolo nuovi in questo complemento finemente artigianale.

An example of contemporary craftsmanship, where tradition and design are interwoven like the belts — in a single color or two-tone — that overlap the metal elements of the supporting structure. Filet is a handmade divider that forms a net built point by point, with a three-dimensional effect, following a precise pattern that alternates full and empty spaces, shadows and transparencies. Innovazione, tecnologia e passione: da oltre trent'anni, RODA propone la propria visione del design italiano nel mondo e detta, con le sue collezioni, le linee di uno stile sofisticato e cosmopolita. Una storia positiva e solida che nasce dall'amore per gli esterni belli e da vivere. E che ha costruito e diffuso a livello internazionale una rinnovata cultura dell'abitare, fatta di nuovi linguaggi estetici, alta qualità e carattere.

All RODA products squarely represent the concept of durability. And durability is a serious quality when you're talking about furniture that must withstand all weather conditions. This means that RODA's materials, assembly techniques and fabrics are very carefully chosen in every detail. Even the fabrics, extremely hi-performing outside, are the result of a technical and stylish design research.

Tutti i prodotti RODA rappresentano perfettamente il concetto di durevolezza, qualità fondamentale quando si parla di arredi che devono resistere a qualsiasi condizione atmosferica. Ciò significa che i materiali, le tecniche di assemblaggio e i tessuti sono scelti con grande cura in ogni dettaglio. Anche i tessuti, estremamente performanti negli ambienti esterni, sono il risultato di un'attenta ricerca di design tra tecnologia e stile.

Structure and Top		Product type		Extendable dining table, with butterfly opening system, suitable for covered areas.			
 Teak		Structure (legs and top)		Teak. Exposure to the weather creates an oxidation patina, one or two millimetres deep, on the wood surface, making it fade to a silver-grey colour. This change does not affect its original characteristics in any way. The grey patina can be avoided or removed by specific maintenance.

	Stone, Pietre
Appearance	EN Natural stone selected by RODA is unique in its veining, making each piece unique.
Aspetto	IT Le pietre selezionate da RODA sono naturali, dunque uniche. Eventuali cristalli o fiammature sono peculiarità di ogni singola pietra.
Performance	EN Stone tabletops receive a light anti-stain sealer. This can be renewed every year with a specific stone and concrete protector. Application of such products may darken the stone's colour.
Performance	IT I piani di pietra hanno un leggero trattamento anti-macchia che può essere ripristinato ogni anno con l'utilizzo di un prodotto di protezione adeguato (come lo “Stone and Concrete Protector”). 	Wavy Glass
Appearance	EN The textured surface, uneven and irregular, is less prone to scratches compared to a smooth one. The rippled effect breaks up the material's transparency, creating plays of light and reflections. As a result, the color appears iridescent, varying in intensity and brightness.
Aspetto	IT La superficie a rilievo, mossa e irregolare, risulta meno soggetta a graffi rispetto a quella liscia. L'effetto increspato, spezza la trasparenza del materiale, generando giochi di riflessi. Il colore appare così cangiante, variando in intensità e luminosità.
Plus	EN The double layer of paint that gives the glass its colour is protected and enclosed between two sheets of glass; therefore, it will not age or suffer from possible defects due to use and wear.

Hydro Draining Cushions
Cuscini Idrodrenanti

EN The hydro-draining technology used for RODA cushions leads to padding that lets the water run out easily and quickly. Abundant inner-cushion air circulation is another factor that promotes swift, complete drying to avoid mildew and deterioration. Hydro-draining padding uses open-cell polyurethane enclosed in breathable mesh. In particular, the backrest cushions’ padding is enveloped by a technical mesh that divides the fibre into sections to obtain variable densities. This inner structure improves comfort and holds its shape over time. The underside of the seat and backrest cushions is equipped with mesh that encourages water to drain out and air to flow in.

IT La tecnologia idrodrenante applicata ai cuscini RODA si basa sulla capacità dei materiali utilizzati di drenare velocemente l’acqua e di consentire un veloce e abbondante ricircolo di aria. In questo modo si ottiene un’asciugatura rapida e completa dell’imbottito, evitando il deterioramento del prodotto e la comparsa di muffe. I cuscini idrodrenanti sono realizzati con un’imbottitura drenante a cella aperta, avvolta da una rete traspirante; in particolare, l’imbottitura dei cuscini di schienale è racchiusa da un involucro di rete tecnica che divide la fibra in diverse “camere” per ottenere densità variabili; questa struttura interna favorisce il comfort e il mantenimento del volume nel tempo. La parte inferiore dei cuscini di seduta e di schienale prevede una rete che consente la fuoriuscita dell’acqua e il passaggio dell’aria all’interno del cuscino.

Hydro Draining Technology applied
to the upholstered collections
Tecnologia Idrodrenante applicata
alle collezioni imbottite

EN The upholstered RODA furniture collections feature high-performance breathability and water-draining capacity. Maximum levels of effectiveness are reached by combining open-cell polyurethane of different densities in a way that makes water travel out immediately while ensuring soft comfort and support. The frames supporting the cushions are generally made of powder-coated aluminium, meaning they are light-weight, robust and weather-resistant.

IT Le collezioni imbottite approfondiscono il concetto di traspirabilità dei cuscini idrodrenanti, portandolo al massimo livello di complessità ed efficienza, combinando poliuretani a cella aperta di differenti densità, per consentire il drenaggio dell’acqua e assicurare un perfetto comfort di seduta. Le strutture, su cui vengono applicati gli imbottiti, sono generalmente prodotte in alluminio verniciato a polvere, per garantire maggiore leggerezza, robustezza e totale resistenza agli agenti atmosferici.
