

Aggiornare lo stand-by dei telefoni. Suggestire alla segretaria di cambiare la marca del caffè. Dare il massimo comfort in sala attesa al cliente georgiano, arriva nel pomeriggio. Ricevere i partners di Hong Kong, garantire la privacy in riunione e la presenza dell'interprete. No foto! Organizzare l'ufficio estero con nuovo software. Vedere l'ingegnere e quantificare l'installazione sul terrazzo dei pannelli solari. Serve energia pulita. Abbiamo sostituito tutte le sedute, ora siamo molto più comodi. Inviare alla sede di Miami le foto dei nuovi uffici SC06, finalmente si adeguano... Ricordarsi di annaffiare i banani.

Update the telephone's stand-by. Advise the secretary that she should change coffee brand. Provide maximum comfort in the waiting area to the client from Georgia who arrives in the afternoon. Receive partners from Hong Kong, guarantee privacy during the meeting and the presence of the interpreter. No pictures! Arrange new software for the Export Office. Meet the engineer and quantify the installation of solar panels on the terrace. Clean energy is needed. We replaced all seating, we are now much more comfortable. Send photos of the new SC06 range to the Miami office, finally they conform... Remember to water the banana trees.
